

DANIEL B. BAKER.

MARCH 5, 1840.

Laid on the table.

MR. CHITTENDEN, from the Committee on Invalid Pensions, made the following

REPORT:

The Committee on Invalid Pensions, to whom was referred the petition of Daniel B. Baker, of Brownsville, Jefferson county, New York, respectfully report:

That the petitioner testifies he served five years in the late war between Great Britain and the United States; that he was taken prisoner at the head of Lake Ontario, the 6th of June, 1813, and remained a prisoner one year; was sent to Quebec, and put on board the ship of war Matilda to be sent to England; was shipwrecked in the gulf of St. Lawrence; remained on the wreck seventeen days; was sick most of the time of a bowel-complaint; that he suffered great hardship while a prisoner, and was feeble and unable to do fatigue duty the most of the time he was in the service, and that he has never entirely recovered his health.

Jesse Ayres testifies that he has been the family physician of the petitioner for the ten years last past; and that, during that time, he has been much troubled with an affection of the kidneys and bowels, which has produced much debility of the system, and at times entirely renders him unfit for any kind of labor; and the said deponent thinks the difficulty which now exists, *more than probable*, came in consequence of said complaint.

Samuel Linnel corroborates the statement made by petitioner as to his imprisonment and illness.

There is no testimony to show that the petitioner was disabled from the time of his discharge (1817) up to 1830, or that his present disability is the effect of unusual hardship and exposure while in the service of the United States.

The committee, therefore, ask leave to offer the following resolution:

Resolved, That the prayer of the petitioner be not granted.

Blair & Rives, printers.

DANIEL B. BAKER.

MARCH 5, 1840.
